# Reading scaled scores 2018

This chart shows the distribution of total marks achieved by pupils in the school compared to the national.

— National level  
 — Not achieved expected standard  
 — Achieved expected standard

Cohort = 70   One pupil relates to 1.4 percentage points.

In 2018, 93% of pupils achieved the expected standard, 18 percentage points above the national. This was a statistically significant difference.

**Notes:** The plotted national line is the national reading percentage multiplied by the school reading attainment cohort at each average scaled score interval. For further information on methodology see [www.gov.uk/government/collections/using-ofsted-inspection-dashboard](http://www.gov.uk/government/collections/using-ofsted-inspection-dashboard)

# Mathematics scaled scores 2018

## Science

**Note:** 'Diff no' value shows the number of pupils that the difference between school and national represents, and is always rounded down to a whole number. Disadvantaged nationals are shown as all/other (other relates to pupils who are not defined as disadvantaged). For science the only outcome of the teacher assessment was whether pupils met the expected standard. # Year 1 phonics marks 2018

This chart shows the distribution of total marks achieved by pupils in the school compared to the national.

— National level — Not achieved expected standard — Achieved expected standard

Cohort = 62 One pupil relates to 1.6 percentage points.

In 2018, 82% of pupils achieved the expected standard, in line with the national proportion.

**Notes:** The plotted national line is the national phonics attainment percentage at each phonics mark multiplied by the whole school phonics attainment cohort. The expected standard for phonics is 32+.
